## Cross-Border Family Mediation

International Parental Child Abduction, Custody and Access Cases

Second and updated edition

Frankfurt am Main, 2014

260 pages, size 14,7 × 21 cm, paperback

This invaluable reference book on international family mediation provides:

- the legal framework and specific characteristics of cross-border cases
- methodology and tools
- information on coordinating mediation with court proceedings
- case studies
- information sheets on mediation for parents, lawyers and judges
- sample mediation agreements and court orders
- a detailed look at international family mediation with parties from non-Hague Contracting States with a specific focus on Muslim countries
- information on handling bilingualism and interpreting in mediation
- insight into mediation styles within co-mediation settings.

This book is indispensable reading for experienced mediators and all other professionals involved in cross-border family conflicts.
